

This week has been full of sunshine and school trips. It's so lovely that our children are able to experience the excitement of heading off on a school trip again and I know they have really enjoyed themselves. This week Nursery made a local visit to Heathrow Gymnastics where they experienced all the play gym has to offer. Please take a look at Tapestry for photo uploads. Year 4 headed to the Lookout Discovery Centre where they explored, investigated and had fun with science. Today Year 6 excitedly headed off on their two night residential to Kingswood in Buckinghamshire. This experience is invaluable and we know that as well as the children having a memorable weekend away, they will develop their social and emotional skills, unplug from technology, try new things, develop their independence, gain more confidence and build friendships. We look forward to hearing about their adventures. Please look out for photos on Google Classroom.

We have a duty to prepare children for life in modern Britain and to keep them safe. A key way of doing this is to teach our children a range of values that will enable them to play their part in the world. Our value this half term is co-operation. This is especially key for our OPAL lunchtimes, where children are encouraged to work together to achieve a goal. We are seeing children co-operating with one another more often as the OPAL programme develops in school and we ensure we celebrate this when we see it.

Some of Year 6 heading off for their weekend residential. I'm sure they will have a fantastic time. Watch out next week for more photographs.

This week the nursery children went to The Heathrow Gym. The children had lots of fun playing on the slide, explored the sensory rooms and bounced on the trampoline!

Reception children had a day at West Wittering beach. They all had a wonderful day, paddling in the sea, building sandcastles and they learnt about how to stay safe at the seaside. This trip is the highlight of the reception year!
