

Issue 31
15th July 2022

It has been a lovely sunny week and the children have really enjoyed themselves. With the return of the hot weather, we have taken additional measures to keep classrooms as cool as possible and avoid spending too much time outside. This week we have been treated to the wonderful Year 6 production of *Ali Baba and the Bongo Bandits*. The children were amazing as they sang, danced and acted their way through the feast for the eyes which they delivered. Well done Year 6, we are all really proud of you. I really hope that the days ahead are a time for you to reflect on your time at Beavers and enjoy the friendships that you have made along the way.

Year 5 enjoyed a very sunny day at Hobbledown Heath, our new local attraction. While there, the children climbed towers, crawled through tunnels and met some exotic and traditional farm animals. I was lucky enough to take my family there recently along with many of our staff and it really was a wonderful experience. If you are able to visit this summer, I thoroughly recommend it.

Although we will be winding down next week, there is still a lot planned to make the final week as enjoyable as possible. Class parties on Tuesday will play a large part of the week and are a lovely way to end the year. It is noticeable that many children are tired and exhaustion is definitely in the air. The children are ready for a holiday as this will be the first full year they have completed in the last three years. Please try to ensure they are sleeping well and that they are aware of their own tiredness so that they can get through to the end of term.

With the expected rise in temperature over the next few days, the Met Office's top advice for being sun safe:

- ◆ Keep out of the sun between 11am to 3pm
- ◆ If you have to go out in the heat, walk in the shade, apply sunscreen and wear a hat and light scarf
- ◆ Avoid extreme physical exertion
- ◆ Wear light, loose-fitting cotton clothes
- ◆ Never leave anyone in a closed, parked vehicle, especially infants, young children or animals.
- ◆ Have plenty of cold drinks, and avoid excess alcohol, caffeine and hot drinks
- ◆ Eat cold foods, particularly salads and fruit with a high-water content
- ◆ Cool yourself down; take a cool shower, bath or body wash
- ◆ Sprinkle water over the skin or clothing, or keep a damp cloth on the back of your neck
